our editorial writer is so confused that he doesn't know what is going on up here, and I merely wanted to make the explanation that this was not a political move either on Senator Carpenter's part or my own. This was merely an effort to clear up something which was apparently made and I sincerely meant at least I'm sure Senator Carpenter and I'm both on our part this was a non-partisan situation.

SPEAKER: Senator Carpenter.

SENATOR CARPENTER: I just want to clarify that I'm a practical Democrat.

SPEAKER: Any news bills, Mr. Clerk. Senator Syas.

SENATOR SYAS: Well I just want to say on this it's too bad. I think the Senate didn't hear the Attorney's General's opinion in that I don't know just where that leaves us. Other than the fact I suppose, and I'd like to have guidance from this Legislature really, because the committee, we've got two bills in here on this subject and they are referred to the committee on this which I head. We'll hear the bills and we will make our recommendations, but is there anything further that the Legislature wants to guide along this line. Otherwise we'll just go ahead as normal and see what happens when we get on the floor. But if there is anybody has anything they had better say it now.

SPEAKER: The chair suggest that this be printed in the Journal and that will give you all ample time to study and and make your remarks. Any new bills Mr. Clerk.

CLERK: No new bills. We have Legislative Resolution 107 by Senator Stroman which will be printed in the Journal. That's all Mr. President.

SPEAKER: We are now ready for Select File.  
LB 104, is that correct, Mr. Clerk. Senator Cavanaugh.

CLERK: Mr. President, there are amendments printing to LB 104 The original E & R Amendments are pending and then we have a series of other amendments.

SPEAKER: Let's take up the E & R amendments first.

SENATOR SYAS: Mr. President I move that we adopt the amendments to LB 104.

SPEAKER: Any discussion. All those in favor of adopting the E & R Amendments to LB 104 say aye. Opposed no. The amendments are adopted.

CLERK: Now Mr. President there are amendments offered by Senator Syas. (read by Clerk)

SPEAKER: Senator Syas, we are on LB 104, your amendment.

SENATOR SYAS: I have 3 amendments to LB 104, generally speaking they are situations that were brought up from this floor. What's the first one you brought up.

CLERK: In the Committee amendment add income in the last line the following "as defined by the Legislature".
